**I**N PRESENTING you with our list of Seeds for Spring and Summer planting, we beg to say that for many years we have made this our business and feel confident that the Seeds we offer will give you good satisfaction, as great care has been taken to have them grown from the finest strains and tested for vitality before we offer them for sale.

We invite critical inspection before buying elsewhere, for we feel assured that this is needed to convince you that it is not necessary to send out of the city for anything in this line.

Our prices are as low as possible for strictly high grade Seeds—the best it is possible to produce—and no better seeds are to be had at any price.

**OUR PRICE**—We shall adhere as closely as possible to the prices quoted in this catalog but the market value of some seeds is variable. This is most noticeable in grass, clover seeds, onion sets and seed potatoes. Quotations for such articles will be furnished on application.

Our prices include delivery free by mail for all Packets, Ounces, Quarter Pounds and Pounds. Prices on larger lots are based on purchaser paying transportation charges.

**ADDRESSES, ETC.**—In ordering, please be particular to sign your Name, also that of your Postoffice, County and State plainly; also mention mode of conveyance you prefer—whether by mail, express or freight. Serious delays are sometimes occasioned by failing to give attention to these matters.

**BAGS ARE FURNISHED AT MARKET PRICES.**

We, Wm. T. Philipps & Co., Inc., give no warranty express or implied as to productiveness of any seeds or bulbs it sells, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seed.

Hoping our customers will appreciate our efforts to meet their wants, and trusting we shall become better acquainted during the coming year, to our mutual profit, and soliciting a share of your orders, we remain,

Yours truly,

**Wm. T. Philipps & Co., Inc.**

## Lawn Grass Seed

Our Fancy Park, Philipps Special and Shady Nook Lawn Grass Mixtures that are so popular with the landscape gardeners are composed of the very best and cleanest grass seed obtainable, no chaff or filler being used. And while the cost per pound may be greater, the cost per lawn will be smaller, as heavy sound, clean seed mixtures of good germination will go much farther than seed that runs thirty to fifty per cent chaff. And in using our grasses you are assured of the minimum amount of weeds, and the maximum in lawn perfection.

**Fancy Park Lawn Grass.** This splendid mixture produces beautiful, permanent lawns. It is composed of grasses which are adapted for the purpose of producing turf that retains its rich, green color throughout the entire summer. In making up this brand we are careful to use only fancy, recleaned seed. Per lb. 65c; 5 lb. \$3.00.

**Philipps Special Lawn Grass.** This is a first-class mixture that will quickly give a thick, green sod. It is composed of good, clean seed and will be found well adapted for general lawn purposes. Per lb. 60c; 5 lb. \$2.85.

**Shady Nook Lawn Grass.** For obtaining a satisfactory growth of grass under trees and in other shady places this mixture, which contains a variety of strong-rooted grasses, is most suitable. Per lb. 75c; 5 lb. \$3.50.

**White Clover.** Excellent for lawns when mixed with other grasses. Does not stand dry, hot weather well, but tends to keep crab grass in check. Lb. \$1.50; 10 lb. \$14.00.

**Kentucky Blue Grass.** Used more for lawns than any other grass. It is slow to start, however, and should be mixed with other quick-growing dwarf grasses. Does best on lime-stone soils, well enriched. Dark green in color; forms a close, thick turf and is very hardy. Heavy, fine, clean seed. Lb. 65c; 10 lb. \$6.00.

**Red Top.** One of the Bent grasses. Used on golf courses and in all good lawn mixtures. Does well in wet places and under unfavorable conditions. Is drought-resistant. Lb. 50c; 10 lb. \$4.25.

**Domestic Rye Grass.** Makes a quick growth but does not make a permanent lawn. Should be used in mixture with hardy grasses as a nurse. Valuable where quick results are desired. Lb. 30c; 10 lb. \$2.50.

**Creeping Red Fescue.** A valuable grass, used in most good mixtures. Especially good in shady places. Lb. \$1.10; 10 lb. \$10.00.

**Seaside Bent.** Extensively used on putting greens and for mixing with other grasses. Lb. \$1.50; 10 lb. \$13.50.

**SPECIAL QUOTATIONS.** — We are always pleased to quote special prices to parks, institutions, golf clubs, and others who require Lawn Grass Seed in large quantities. Prices subject to market change.

## HOTKAPS

### New Method of Plant Protection

Protects plants from frost and other elements, matures crops earlier, keeps insects out, keeps soil soft. They are made of a specially prepared waxed paper and are cone-like in shape, measuring about 11 inches in diameter at the base and coming to a point at the top. When placed over the plants and held firmly in place by the soil around it, Hotkaps become individual miniature hot-houses.

### Hotkaps

Prices: 1,000 lots, \$11.00; 5,000 lots, \$10.75 per M; 10,000 lots, \$10.50 per M; 250 Trial Package including Garden Setter with Tamper, \$3.50; 100 Home Package, including Garden Setter with Tamper, \$1.95; Germaco Hotkap Steel Setter with Tamper, \$1.60. Package of 25 and setter 50c.
